### PRIDE MONTH 2024

In June 1969, a predominantly gay New York bar, The Stonewall Inn, was raided by the police and over the course of five days, major riots took place as patrons and members of the LGBTQ community fought back.

Pride Month is celebrated every year on the anniversary of the Stonewall Riots. Pride In London is one of the country's leading showcases for parades, parties, and other events, culminating in the London Pride Parade.

The Pride Parade London takes place on Saturday 29 June; more details on the Parade can be found on the QR code below.

However you choose to mark Pride Month 2024, have a happy, loving and peaceful time.
