Dear Resident,

Leak from heating distribution pipework in 2nd floor riser cupboard

On Monday 23 June, contractors will be in attendance to repair the leak from the heating distribution pipework at 11 Robsart Street. They will be on site from 9.00am.

During the hours of 9.00am and 6.00pm we will need to shut down the heating within your property and the temperature of your hot water will also be affected.

We apologise for any inconvenience this may cause you.

We will provide you with a further update once the works have been completed.

Thank you for your continued patience.

Yours faithfully,

Hayley Matthews

Head of Property Services
