Dear Resident,

Weekly Update 3 - Communal Repairs at 151 Stockwell Road

As part of our commitment to keeping you informed, below is a summary of this week's activity regarding ongoing communal repairs and what happens next:

We would like to inform you that Willow Pumps, will be attending the building on Tuesday 21 April to carry out repairs to the sprinkler system.

The works are necessary to ensure the system continues to operate safely but also to resolve any longstanding issues. During this time, you may notice contractor presence on site and some minor noise or disruption.

We do not anticipate any loss of services, but if access to any areas is required, affected residents will be notified directly.

Thank you for your cooperation while these essential repairs are completed. If you have any questions or concerns, please contact the Repairs team via email at repairs@sw9.org.uk

Please note that we will continue to provide weekly updates as works progress.

Thank you for your continued patience.

Yours faithfully,

SW9 Repairs Team
