Dear Resident,

Latest Updates on Communal Remedial Works

We are writing to provide you with further information on communal remedial works due to take place at 151 Stockwell Road.

Basement Car Park Leak

Works to address the leak that were due to commence on Monday 29 June were postponed, due to unforeseen circumstances.

However, we have received advice from SNG that the contractor will be attending the site on Thursday 16 July. The works should take no longer than 2 days. We will be in contact with those residents who will not have access to their parking bays for the duration of the works, as soon as possible.

Fire Door Inspections

We have been advised by SNG that the existing fire doors are to be replaced. As soon as we receive confirmation of when the works commence, we will update you.

If you have any questions or concerns, please contact us on 020 7326 3700 or by email at repairs@sw9.org.uk

Thank you for your continued patience.

Yours faithfully,

Belinda Stewart

Repairs Operations Manager
